## Anti-Aging & Cellular Defense "3 Pack"

Adding **DNA360™** to the **FOUNDATIONAL SYSTEM** will provide the support needed for natural DNA Repair. The herbal extract found in DNA360 is a breakthrough in phytonutrient science.

#### DNA360 Ingredient Support:

- DNA Integrity
- Healthy Hair, Skin & Nails
- Energy & Wellness
- Quick Recovery from Daily Activities

**DNA360** is a next level healthy aging supplement. With a myriad of products based on scientific discoveries that protect DNA with targeted anti oxidants coming to market in the last 5 years, **DNA360** goes beyond protecting DNA, to the point of actually enhancing your body's ability to repair both single strand and double strand DNA damage (*Thanks to the ac11® compound*).

Accumulated DNA damage creates less healthy generations of new cells. This, in turn, precipitates reduced functional health and energy while at the same time accelerating the aging process.

**FACT:** From conception through maturity, DNA repair is an essential biological process and the key to healthy aging. The more efficient our body can repair DNA, the healthier we tend to be and the longer we tend to live.

## Digestive Support "3 Pack"

Adding **Plusbiotic™** to the **FOUNDATIONAL SYSTEM** will supply a daily (3 in 1) Probiotic, Prebiotic and Enzymatic Microbial Cleanse to assist in healthy digestion and intestinal regularity.

#### Plusbiotic Ingredient Support:

- Beneficial Microflora Colonization
- Healthy Fungal Levels
- Normal Digestive Permeability
- Intestinal & Digestive Cleansing

**Plusbiotic's** popular formula assists in supporting a healthy balance of intestinal flora and helps control fungal and yeast overgrowth. The addition of systemic enzymes help to improve elimination of toxins that can cause "die-off" symptoms. This makes **Plusbiotic** a gentler formula than other similar digestive products.

**Plusbiotic** includes powerful probiotics and prebiotics more commonly referred to as Synbiotics. Prebiotics stimulate the growth and activity of probiotics. Probiotic spores are dormant life forms that protect the bacteria from acidic conditions as well as extreme heat and cold.

**FACT:** **Plusbiotic** uses spore germination technology, a revolutionary new process that delivers probiotic spores rather than living bacteria. Spore germination technology is an extremely dependable means for delivery.

A third product will address a particular issue such as: Blood Sugar / Weight Loss / Muscle, Bone and Joint / Anti-Aging / Digestion / Circulation or Inflammation. These condition specific supplements work on a cellular level with your body's own mechanisms to effectively help you attain your wellness goals.
